

BASS MULTIAMP NEW FIRMWARE UPDATE V3.0

INSTRUCTIONS

- > Go to www.markbass.it and DOWNLOAD the Firmware update .zip file;
- > Unzip the files;
- > Connect the SD card (max size 8Gb) to your computer (using a card reader if necessary), be sure the SD card is formatted in FAT 32 format;
- > Drag and drop (or copy and paste) the unzipped files from the computer onto the SD card;
- > Turn off the BASS MULTIAMP;
- > Insert the SD card into the BASS MULTIAMP and turn it on;
- > At the "System" menu choose "Firmware update" option and follow the instructions that will appear on the display;
- > Do not switch off the unit during the upgrade;
- > When the upgrade procedure is complete a message will appear on the display asking to turn off the unit, wait 5 seconds and then turn it on.
